WARRANTY VALIDITY:

1 YEAR FROM THE DATE OF MANUFACTURE OF THE PRODUCT

- We hereby certify that above referred goods supplied have been manufactured in accordance with ISO 9001:2015 & ISO 14001:2015 approved procedures and confirms to the quality and manufacturing standards in our processes.
- The product is warranted, subject to normal wear/burnout for a period of 12 months from the date of manufacture of the product. This warranty is applicable subject to the instrument being used within normal operating conditions of Pressure, Temperature and Humidity and within the maximum specified toxic/flammable gas concentration.
- The warranty does not extend to any part of the set which has been damaged due to misuse, neglect, accident or improper installation, damages caused by external agents such as lightening, flooding, fire, etc.
- Further this warranty shall cease to be operative in the event of the set having been tampered with, serviced or repaired by any agency not authorized by the company.
- The company also does not cover loss or damages in transit whether carried by the company's transport or by the purchaser.
- Sensors found faulty within first 3 months will be replaced free of cost. For sensors found faulty after 3 months, new sensor will be fitted/supplied and a cost will be charged proportional to the expired warranty period.
- Instruments have to be shipped to our works/offices for warranty replacement/repairs. The cost of the shipment has to be born by the customer.
- All parts of rubber, glass and plastic materials are excluded from the warranty.
- Instrument to be used within the operating concentration range specified in the manual.
- Any defect/problem found in the instrument after receipt should be informed immediately within 15 days.

*This warranty is issued subject to the jurisdiction of civil courts in Gujarat.
